

Contaminants Tested for but Not Detected

(Non-Detects Arranged By Source)

Principal Organic Contaminants (Otisco, Ontario, Skaneateles)	Synthetic Organic Contaminants (Otisco, Ontario, Skaneateles)	Inorganic Contaminants (Otisco, Ontario, Skaneateles)
Benezene	Alachlor	Antimony
Bromobenzene	Aldicarb	Arsenic
Bromochloromethane	Aldicarb sulfone	Beryllium
Bromomethane	Aldicarb sulfoxide	Cadmium
N-Butylbenzene	Aldrin	Cyanide
sec-Butylbenzene	Atrazine	Iron
tert-Butylbenzene	Benzo(a)pyrene	Manganese
Carbon Tetrachloride	Butachlor	Mercury
Chlorobenzene	Carbaryl	Nitrite
Chloroethane	Carbofuran	Selenium
Chloromethane	Chlorodane	Silver
2-Chlorotoluene	Dalapon	Thallium
4-Chlorotoluene	Di(2-ethylhexyl)adipate	Zinc
Dibromomethane	Dibromochloropropane	
1,2-Dichlorobenzene	Dicamba	(Ontario, Skaneateles)
1,3-Dichlorobenzene	Dieldrin	
1,4-Dichlorobenzene	Dinoseb	Chromium
Dichlorofluoromethane	Endrin	Nickel
1,1-Dichloroethane	Ethylene Dibromide	
1,2-Dichloroethane	Glyphosate	(Ontario)
1,1-Dichloroethene	Heptachlor	
cis-1,2-Dichloroethene	Heptachlor epoxide	Copper
trans-1,2-Dichloroethene	Hexachlorobenzene	Lead
1,2-Dichloropropane	Hexachlorocyclopentadiene	
1,3-Dichloropropane	Lindane	(Otisco)
2,2-Dichloropropane	Methomyl	
1,1-Dichloropropene	Methoxychlor	Chromium 6
cis-1,3-Dichloropropene	Metolachlor	
trans-1,3-Dichloropropene	Metribuzan	
Ethylbenzene	Oxamyl vydate	Physical Characteristics (Otisco, Ontario, Skaneateles)
Hexachlorobutadiene	Pentachlorophenol	
Isopropylbenzene	Pichloram	
p-Isopropyltoluene	Polychlorinatedbiphenyls	Odor
Methylene Chloride	Propachlor	
MTBE	Simazine	(Otisco, Skaneateles)
n-Propylbenzene	Toxaphene	
Styrene	2,4 -D	Color
1,1,1,2-Tetrachloroethane	2,4,5-TP (Silvex)	
1,1,2,2-Tetrachloroethane	3-Hydroxycarbofuran	Radiological Contaminants (Ontario)
Tetrachloroethene		
Toluene	(Otisco, Ontario)	
1,2,3-Trichlorobenzene		Cesium-137
1,2,4-Trichlorobenzene	Diquat	
1,1,1,-Trichloroethane	Di(2-ethylhexyl)phthalate	(Skaneateles)
1,1,2,-Trichloroethane	Endopthall	
Trichloroethene	2,3,7,8-TCDD (Dioxin)	Radium-226
Trichlorofluoromethane		Radium-228
1,2,3,-Trichloropropane		
1,2,4-Trimethylbenzene		(Ontario, Skaneateles)
1,3,5-Trimethylbenzene		
Vinyl Chloride		Gross Alpha
o-Xylene		
m-Xylene		
p-Xylene		

The frequency that various contaminants are tested for is regulated by the State and can vary from source to source. The State allows for some contaminants to be tested for less than once a year because the concentrations of these contaminants do not change frequently. Some of our data, though representative, is more than one year old. Some contaminants are monitored at the various sources more often than required.
