MEADOWRIDGE TANK REHABILITATION  
TOWN OF MANLIUS

OCWA has completed the rehabilitation of the 500,000 gallon water storage tank located on Meadowridge Road in Manlius, NY. The concrete tank has served the Manlius area for over 55 years. During the work the tanks dome was repaired, hatch and vent were replaced, interior cleaned and exterior was cleaned and recoated. The tank is now back in service and should not require major maintenance again for many years.

Questions or concerns can be addressed to Andrew Weiss at 315-455-7061 x 3108, or [ajweiss@ocwa.org](mailto:ajweiss@ocwa.org), or at the address above.
