OCWA Title: Engineering Technician I

(Civil Service job [#10150](#))

Job type

Full time, non-exempt

Competitive, Provisional*

Summary

OCWA – Central New York's Water Authority is currently seeking candidates for an Engineering Technician I to join the Engineering Department. The work involves responsibility for performing technical duties of moderate difficulty in the areas of engineering studies and investigations, field surveys, evaluation, testing and quality control of construction, materials and equipment and office technical work. Assignments are given orally or in writing and usually general in nature to allow for technical independent judgment in implementing the work assignment. This is a diverse role with an opportunity to work on our capital projects, our upcoming Revised Lead and Copper Rule compliance programs, and our backflow prevention and compliance program.

Minimum Qualifications

A. Graduation from a regionally accredited college or university or one accredited by the New York State Board of Regents to grant degrees with an associate degree in Engineering Science or in an engineering technology field; or,

B. Two (2) years of paraprofessional or professional work experience, or its part-time equivalent, in civil engineering.

SPECIAL REQUIREMENT: When required to operate a motor vehicle, possession of a valid NYS driver's license appropriate to the vehicle(s) being operated.

How to Apply

To apply please visit www.ocwa.org and fill out the general employment application. Applications must be received by February 4, 2022 to receive full consideration.

OCWA is a civil service agency under the jurisdiction of the Onondaga County Personnel Department. Hiring is in accordance with Onondaga County and New York State civil service regulations. For full job specification and more information about civil service please visit www.ongov.net/employment/.

*In the absence of a valid list, hiring will be done provisionally and in accordance with Civil Service guidelines. The successful candidate will be required to take the Engineering Technician I examination, when scheduled, and must score among the top three highest scoring individuals taking the examination to retain their position.
